

临时厕所平面图

1-1 剖面图

临时厕所 图

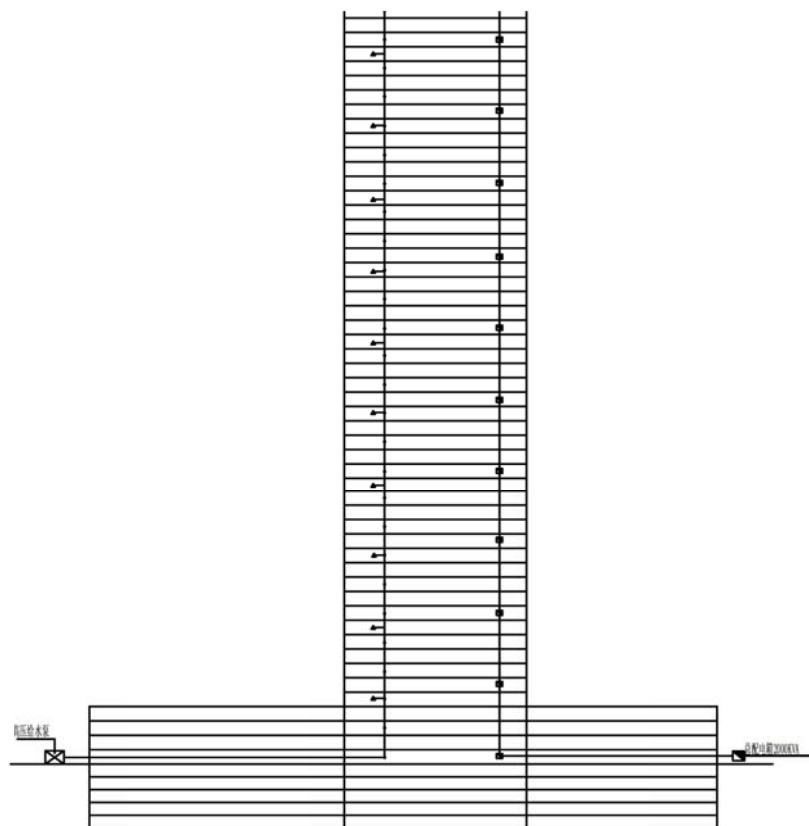

2-2 剖面图

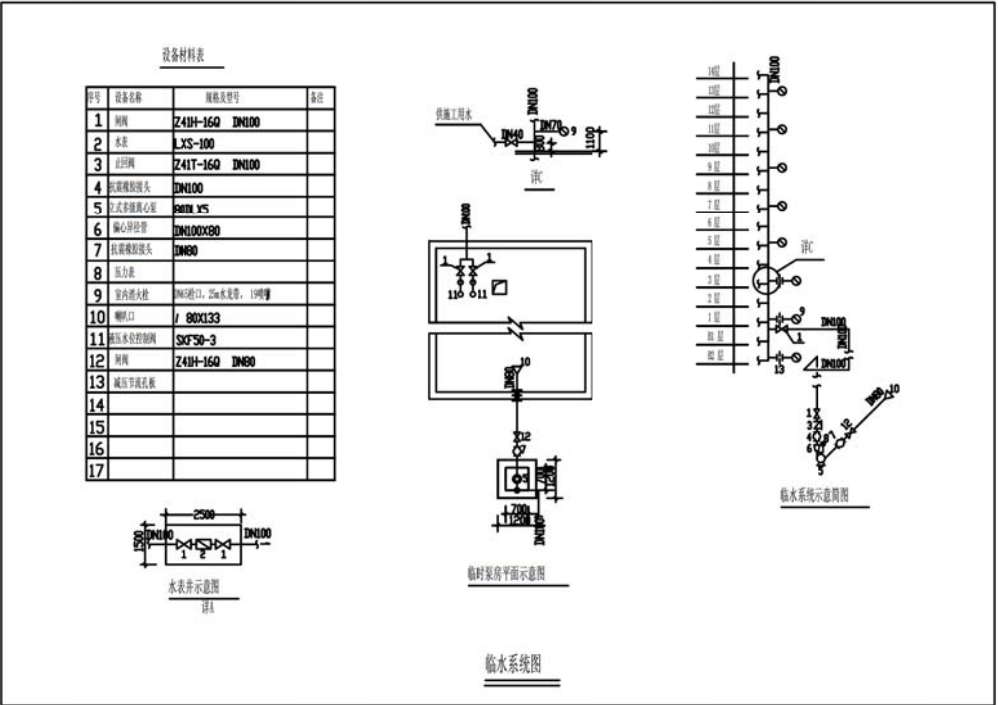

说明:

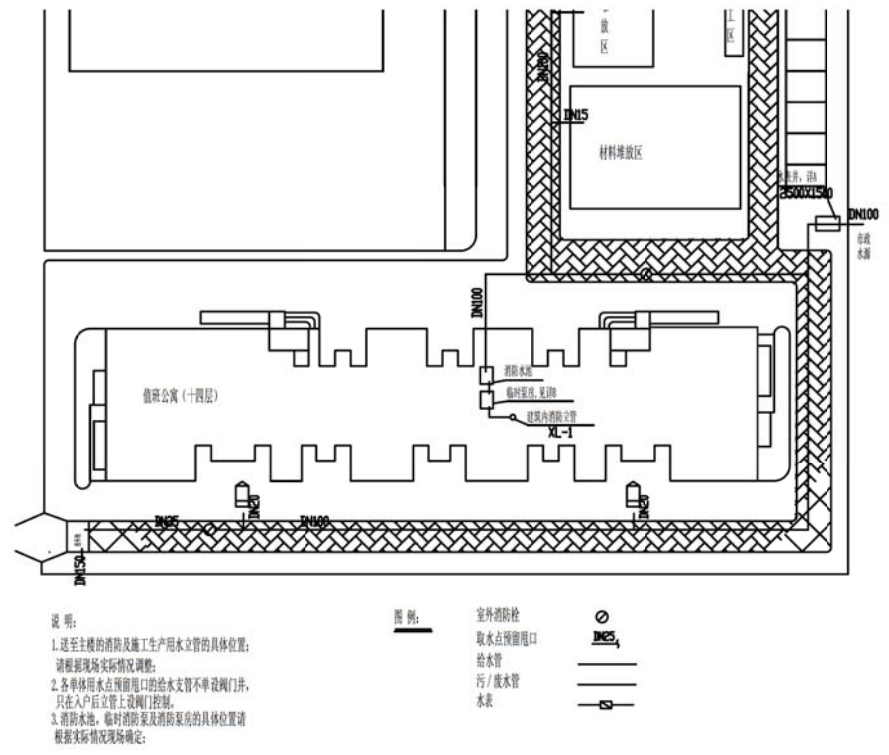

1. 地面相对标高设为 ± 0.000
2. 厕所每天派人进行打扫、清理

The architectural drawings for the L1001 car lift are as follows:

- L1001 车梯立面 (Front Elevation):** Shows the front view of the lift structure. Key dimensions include a total height of 27260 mm, a width of 6670 mm, and a central opening height of 11126 mm. It features a grid-like structure with circular openings and a central vertical channel. Labels include "L1001 车梯立面", "数量: 2 楼", and "L1001 车梯立面".
- 侧立面图 (Side Elevation):** Shows the side view of the lift structure. Key dimensions include a total height of 3500 mm, a width of 3750 mm, and a central opening height of 7100 mm. It features a vertical channel and a central vertical channel. Labels include "侧立面图", "L1001 车梯立面", and "L1001 车梯立面".
- A-A 剖面图 (Section A-A):** Shows a cross-section of the lift structure. Key dimensions include a total width of 9000 mm, a central opening width of 5800 mm, and a central opening height of 5670 mm. It features a central vertical channel and a central vertical channel. Labels include "A-A 剖面图", "L1001 车梯立面", and "L1001 车梯立面".
- B-B 剖面图 (Section B-B):** Shows a cross-section of the lift structure. Key dimensions include a total width of 7000 mm, a central opening width of 3600 mm, and a central opening height of 3350 mm. It features a central vertical channel and a central vertical channel. Labels include "B-B 剖面图", "L1001 车梯立面", and "L1001 车梯立面".
